Texas Haunters Convention

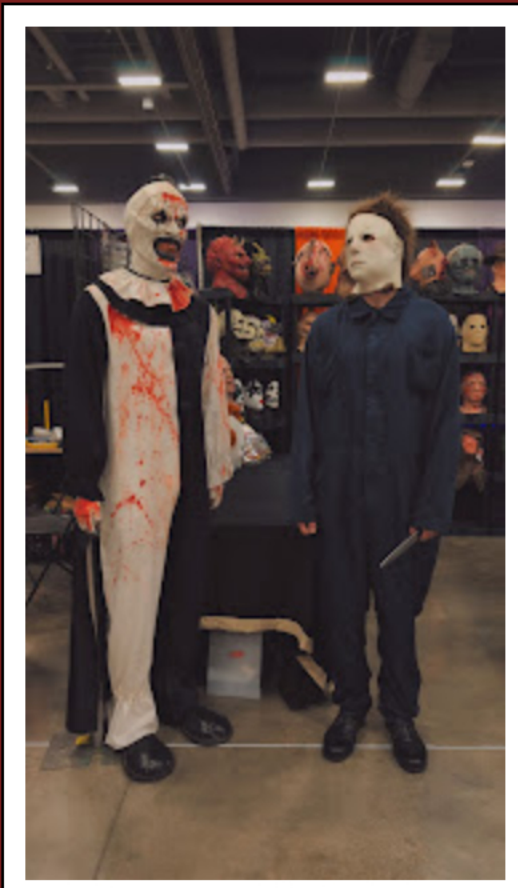

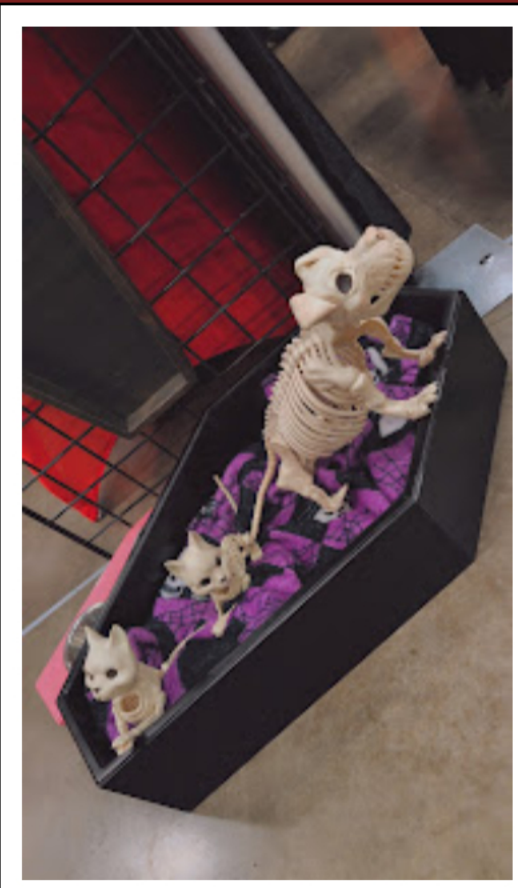

Hey Guys we are back back back again!! We did Media for Texas Haunters Convention 2025 again and boy it was upgraded. From the venue to the merch, and to the food even. So Lets Talk about it shall we?

We had a blast here this year. We always do but I will say this year they stepped it up and got a bigger and better venue. There are some downsides of course. You have to pay for parking here but it isn't confusing at all and there is a trick you can pay to park at the Toyota music factory restaurant strip by different hours and if you eat or drink at their restaurants you can get your parking validated. I parked there Sunday for 5 dollars since I was not able to stay longer than 4 hours. The venue itself was pretty nice. It was the Irving Convention Center. I see alot of conventions fall there but this one I don't think will. It looked great and had plenty of space for everyone. Great area to take photos throughout the place and wasn't dead hot.

The merch was even upgraded. We had some of your regular vendors and haunts but some new ones and boy did i strike gold with a bunch of them

They had the ghostbusters there lol I loved them they were so amazing and of course they had their mascot walking around as well. They really ampt up there performance and also brought some amazing workshops and panels and....scaretoe to the floor. It was very interesting and fun to watch. The workshops were awesome had some friends that went to a bunch of different ones and they were thrilled by them.

We have a whole video up on our youtube and making a few to post to our tik tok and we encourage you to watch them and everyone elses so you can get a feel for the convention. It is fun, nice venue, great vendors, cosplay contests, workshops, costume balls, and performances after hours. All of which were fun and i can not wait to go again next year. We are going to amp up for it next year and shoot everything with our cameras, phones, and blog and vlog next year so you can get a better walkthrough going along with us. See you guys next year hopefully!!!!
